

myAir™

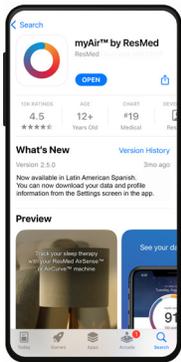

# ResMed myAir™ is the app that accompanies your ResMed CPAP machine!

It's an easy-to-use online support program and app available for ResMed AirSense™ and AirCurve™ machines that makes it easy to get started and comfortable with therapy, track your progress, resolve common issues and get coaching support tailored to your needs.\*‡ It's like having your own personal sleep coach!

# Getting started with myAir is easy

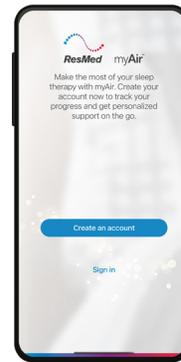

» **Before appointment:** Create and activate your myAir account.

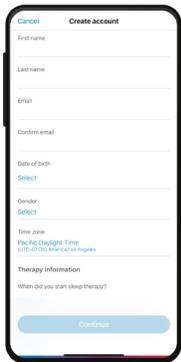

① **Download the myAir by ResMed app**  
Scan the QR code below using your smartphone camera or download from the [App Store](#) or [Google Play](#)

Scan me!

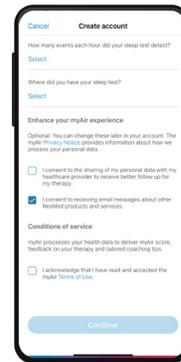

② **Open the app**

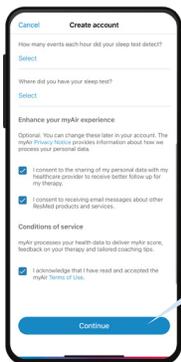

③ **Create an account**

- Select location (United States)
- First, last name
- Email, confirm email
- Date of birth
- Gender
- Time zone
- Pre-sleep therapy questions (optional)

④ **Scroll down to complete consents**

- Check consent to myAir Terms of Use and Privacy Notice (required) (click blue text)
- Check consent for ResMed to share information about you with your healthcare provider to better manage your treatment (recommended)
- Check consent to be informed about ResMed products and services (recommended)

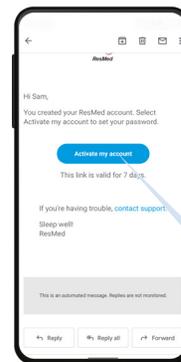

⑤ **Click the Continue button**

Conditions of service  
myAir processes your health data to deliver myAir score, feedback on your therapy and tailored coaching tips.

I acknowledge that I have read and accepted the myAir Terms of Use.

Continue

⑥ **Check your email**

- **Activate your account** by clicking the link in the email from ResMed (if you don't see the email, check your spam or junk folder)
- Enter and confirm password (make it easy to remember!)
- Please bring your smartphone with the app already downloaded to your setup appointment

Activate my account

## » During appointment: Enter health information, CPAP machine and mask.

- ① **Sign in to the myAir app**  
Enter your email address and password

- ② **Enter health information**  
Answer a few health questions to personalize your experience

- ③ **Select your machine**  
The clinician doing your setup will let you know which machine you'll be getting – wait for this information before you select your machine

- ④a **For AirSense 11 machines**
1. Add CPAP machine  
Enter the 4-digit key displayed on the AirSense 11 touchscreen to complete Bluetooth™ pairing†
  2. Add mask  
Select brand, model and cushion type (if applicable)
  3. Select “Get started” to follow steps for Personal Therapy Assistant to get help with setup (Machine setup, Mask setup, Test drive)

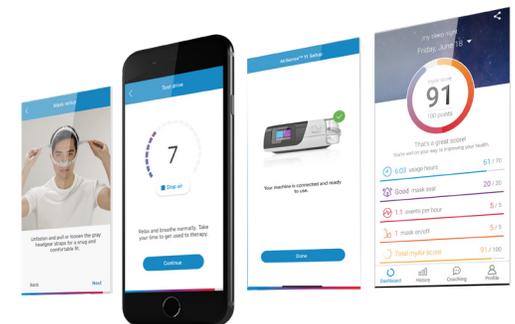

- ④b **For AirSense 10 or AirCurve 10 machines†**
1. Add CPAP machine:  
Enter 11-digit serial number (on back of machine)  
Enter 3-digit device number (on back of machine)
  2. Add mask  
Select brand, model and cushion type (if applicable)

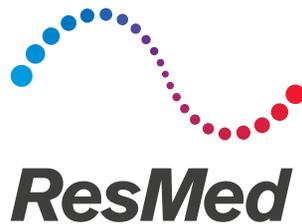

## Start using myAir!

### Starting the night after setting up your myAir account, access your:

- Daily sleep score
